## **In innovation, IIT-Madras 1st, Mumbai 2nd**

**New Delhi:** IIT-Madras bagged the top rank, followed by IIT-Mumbai and IIT-Delhi in second and third positions, in the latest Atal Ranking of Institutions on Innovation Achievements in the category of centrally-funded technical institutions.

Punjab University, Delhi Technological University and Netaji Subhas University of Technology emerged as top three in the state and deemed university (government and government-aided) categories. The 2021 rankings were released by ministry of education on Wednesday. ARIIA is a policy initiative of the MoE to systematically rank all major higher educational institutions and universities in India on indicators related to promotion and support of "innovation and entrepreneurship development" amongst students and faculties.
