37th Summer Camp

on
Entrepreneurial
Stimulation For Children
in the Age Group of
12-16 years

ONLINE
17 – 22
May 2021

For the holistic development of children, they need to be provided with an environment that allows them to experiment with their thoughts, ideas, and creativity. In the absence of the right stimulus for growth, they will be limited in their ability to perceive, judge and reason. Putting in place the right system, mechanism, and methodology to aid their growth can help make achievers out of children.

Over the last 27 years, EDII has been giving a powerful platform to children across the nation to evolve, by enabling them to know their personality, the factors that affect development and by imparting a perspective that shapes their behaviour and responses to different situations.

With this objective, EDII has been conducting Summer Camps on Entrepreneurial Stimulation for Children. It has groomed 2477 children through these National Summer Camps till this date.

Due to the pandemic of COVID19 this year, the Institute has announced the 37th camp in online mode, which is scheduled during 17 – 22 May 2021.

OBJECTIVE:

The objective of the camp is to inculcate the 'Spirit of Enterprise and Achievement' in children so that they target higher achievements.

HIGHLIGHTS OF THE CAMP:

- 12 years to 16 years old children are eligible.
- Participants are expected to communicate in either of these languages: English, Hindi, and/or Gujarati.
- Activities include mental gyms, motivation and creativity exercises, puzzles, value education, presentations, learning through success stories.
- Enrollment will be on a first-come-first-serve basis.
- Formal and informal interaction with well-known entrepreneurs and achievers from various fields will be organised to motivate the children to target mega successes in life.
- E-certificate will be issued after the successful completion of the camp.
