

## When will the bullet train run What did Railway Minister Ashwini Vaishnav say

July 5, 2022

Ahmedabad: Prime Minister Narendra Modi's dream project Bullet Train has come up with important news. Union Railway Minister Ashwini Vaishnav said that pillars up to 70 km have been built for the bullet train. Bullet is planned to run from Surat to Bilimora section in the year 2026. This was stated by Minister Ashwini Vaishnav, who is in Gandhinagar to interact with startups at the Entrepreneurship Development Institute of India (EDII).

Union Railway Minister, Communications and Electronics and Information Technology Minister Ashwini Vaishnav interacted with promising startups and students from the Entrepreneurship Development Institute of India Universities and Incubation Centers. Ashwini Vaishnav congratulated the state of Gujarat for emerging as the best performing state in developing a startup ecosystem for new entrepreneurs.

He said that Modi started Digital India seven years ago. We are currently celebrating Digital Week which has made a huge difference. Railways has tied up with startups. Railways will support Rs 1.5 crore to startups. The postal department is also trying to connect with startups. Regarding the bullet train, he said that 70 km of pillars have been constructed for the bullet train. There were problems in Maharashtra because of the previous government. Now the government has changed there. Now the work will move forward. He also said that the bullet train from Surat to Bilimora section is planned to run in 2026. And the section beyond that will start in 2027.

Speaking on the occasion, SJ Haider said, "It is gratifying to see that the next generation is embracing entrepreneurship and becoming employers. The objective of the Education Department of the Government of Gujarat is to promote startups in the state and to create jobs within the country by institutionalizing incubators in the state by helping new startups. We are confident that we can take the startup ecosystem to new heights in Gujarat."
