EDII joins hands with Kerala to promote startups in state

Kochi: The Entrepreneurship Development Institute of India (EDII), a centre of excellence recognised by the Ministry of Skill Development & Entrepreneurship, Government of India, has joined hands with the Kerala government to promote startup and entrepreneurship ecosystem in the state. Ahmedabad-based EDII, which has been working in Kerala for the last 30 years, has to date trained more than 200 field-level officers of the industries department in Kerala. "The institute has been actively fulfilling the state's entrepreneurial requirements and the aspiration of ensuring the setting up of one lakh businesses by training a cadre of 60 resource persons who would be facilitating this task," a release said here.
