Entrepreneurship Development Institute of India

The Entrepreneurship Development Institute of India (EDII) has announced the commencement of applications for its prestigious two-year PGDM programs: PGDM in Entrepreneurship (PGDM-E) and PGDM in Innovation, Entrepreneurship & Venture Development (PGDM-IEV).

These programs are designed to cultivate aspiring entrepreneurs and individuals seeking to make a substantial societal impact. The application deadline for the 2024 - 2026 batch is set for April 27, 2024, with interviews beginning on April 30, 2024. Interested candidates can apply directly through the [EDII website](#).

The PGDM-E program at EDII, now welcoming its 27th batch, provides a comprehensive two-year, full-time course for entrepreneurs and managerial professionals. Over the course of six trimesters, students engage in critical thinking and practical learning, refining their entrepreneurial skills.

The program offers specializations in New Enterprise Creation (NEC), Family Business Management (FBM), and Social Entrepreneurship (SE), each designed to cater to different entrepreneurial paths. Students receive intensive mentoring and produce detailed project reports tailored to their chosen specializations.

The AICTE-approved PGDM-IEV program at EDII is a two-year full-time course that enhances students' abilities to transform ideas into sustainable business opportunities. With a

focus on technology-based innovation, students acquire the skills needed to lead innovative initiatives, secure funding, and navigate complex markets. The program combines experiential learning, expert mentorship, and industry exposure to equip students with the essential skills for entrepreneurial success and societal impact.

Admission Eligibility Criteria:

- Graduation from a recognized university with a minimum aggregate of 50% marks.
- A qualifying management test score (CAT / MAT / XAT / ATMA / C-MAT).
- Final year graduates are eligible to apply.

First preference will go to individuals who have established tech startups, express an interest in creating startups, or have applied for patents/technology commercialization/startup certification under the Govt. of India Startup scheme.

In conclusion, with a distinguished history spanning 40 years, EDII has empowered over 1800 successful alumni worldwide and strengthened more than 1000 family businesses. Prospective students are encouraged to seize this invaluable opportunity to commence their transformative journey with EDII.
