Purchase Preference Policy Linked with Local Content (PP-LC)

As per Revised Order 2017

Under the purchase Preference Policy linked with Local Content (PP-LC), the supplier or service providers are allowed to avail the purchase preference linked with attaining stipulated Local Content.

Tender Inviting Authority reserves the right to allow the suppliers or manufacturers or service providers, purchase preference as admissible under the Public procurement (Preference to make in India),Order Public Procurement Order No. P-45021/2/2017-BE-II dated 15.06.2017, as amended from time to time and as applicable on the date, subject to their complying with the requirements/conditions defined herein and submitting documents required to support the same.

Local Content: Local content means the amount of value Added in India which shall, unless otherwise prescribed by the nodal ministry, be the total value of the item procured (excluding net domestic indirect taxes) minus the value of imported content in the item (including all customs duties) as a proportion of the total value, in percent.

Class-I local Supplier: Class I local supplier means a supplier or service provider, whose goods, service or works offered for procurement, has local content equal to or more than 50%.

Class-II Local Supplier: Class II local supplier means a supplier or service provider whose goods, service or works offered for procurement, has local content more than 20% but less than 50%.

Non Local Supplier: Non local supplier means a supplier or service provider, whose goods, services or works offered for procurement, has local content less than or equal to 20%.

Margin of Purchase preference: The margin of purchase preference shall be 20%.

For availing the purchase preference the following procedure shall be followed:

i. Among all qualified bids, the lowest bid will be termed as L1. If L1 is Class-I Local supplier, the contract for full quantity will be awarded to L1.

ii. If L1 bid is not a “class-I local supplier”, and the ordered quantity can be divisible, 50% of the order quantity shall be awarded to L1. Thereafter, the lowest bidder among the ‘Class-I local supplier’ will be invited to match the L1 price for the remaining 50% quantity subject to the Class-I local supplier’s quoted price falling within the margin of purchase preference, and contract for that quantity shall be awarded to such “Class-I local supplier’ subject to matching the L1 price. In case such lowest eligible “Class-I local supplier’ fails to match the L1 price or accepts less than the offered quantity, the next higher “Class-I local supplier’ within the margin of purchase preference shall be invited to match the L1 price for remaining quantity and so on, and contract shall be awarded accordingly. In case some quantity is still left uncovered on Class-I local suppliers, then such balance quantity may also be ordered in the L1 bidder.

iii. In the procurement of goods or works which are not divisible in nature the class I local supplier shall get purchase preference over Class-II local supplier as well as Non local supplier as per following procedure:

a) Among all qualified bids, the lowest bid will be termed as L1. If L1 is ‘Class-I local supplier’ the contract will be awarded to L1.
b) If L1 is not ‘Class-I local supplier’, the lowest bidder among the ‘Class-I local supplier’, will be invited to match the L1 price subject to Class-I local supplier’s quoted price falling within the margin of purchase preference, and the contract shall be awarded to such ‘Class-I local supplier’ subject to matching the L1 Price.

c) In case such lowest eligible ‘Class-I local Supplier’ fails to match the L1 price, the ‘Class-I local supplier’ with the next higher bid within the margin of purchase preference shall be invited to match the L1 price and so on and contract shall be awarded accordingly. In case none of the ‘Class-I local Supplier’ within the margin of purchase preference matches the L1 price; the contract may be awarded to the L1 bidder.

iv. “Class-II local supplier” will not get purchase preference in any procurement, undertaken by procuring entities.

The bidder claiming the PP-LC benefit shall be required to furnish a self-certification on bidder’s letter head (as per Form A) indicating percentage of local content and confirming that the item offered meets the local content requirement for “class I local supplier /Class II local supplier” as the case may be and this undertaking shall be certified by the authorized signatory of the bidder signing the bid giving the details of the locations at which the local value addition is made.

The onus of submission of appropriately certified documents lies with the bidder and the purchaser shall not have any liability to verify the content and will not be responsible for the same.

However, in case the procuring authority has any reason to doubt the authenticity of the local content, it reserves the right to obtain the complete back up calculations before award of order failing which the bid shall be rejected.

False declarations will be in breach of the code of Integrity under Rule 175(1)(i)(h) of the General Finance Rules for which a bidder or its successors can be debarred for up to two years as per rule 151(iii) of the General Finance Rules along with such other actions as may be permissible under law.

For detail rule, order no P-45021/2/2017-PP (BE-II) dated 04.06.2020 and subsequent revision issued by Ministry of Commerce and Internal Trade (public procurement section) may please be referred.
